Faith has a good side still everyone  
She ever loved they all turned bad  
Constance his own way of breathing  
And you know you couldn't will him to survive  
Couldn't will him if you if you tried

And there's a concrete sky  
Falling from the trees again  
And you know now why  
It's not coming round too soon  
It's harder than a heartbreak too

I've seen your good side but I still don't know  
Just what it is that you might want  
See you've got your own way of moving  
And you know you could save me

Save my soul  
I'll save some for you  
Hold my soul, feel like I'm falling  
Feel like I'm falling

And there's a concrete sky  
Falling from the trees again  
And you know now why  
It's not coming round too soon  
It's harder than a heartbreak too  
It's tough enough what love will do

So much time gets lost in my mind  
But I know now what I must rely on  
It's a sound and forgetting  
Ain't the worst thing

I've been out walking, don't do too much talking  
Wouldn't take too much time  
Wouldn't take all your time  
'Cause it's as precious as mine

Save my soul  
I'll save some for you  
Save my soul, feel like I'm falling

Feel like I'm falling

And there's a concrete sky  
Falling from the trees again  
And you know now why  
It's not coming round too soon  
It's harder than a heartbreak too  
It's tough enough what love will do

And you're as precious as mine  
And you're as precious as mine
