Tired but I ain't sleeping  
Thinking about some sad affair  
And why I should be leaving  
'Cause some of these thoughts  
Only seem to take me outta here

Yeah, these habits are so hard to break  
And they're so easy to make  
Well, these habits are so hard to break  
And they're so easy to make

Thinking about tomorrow  
Tired from all the time I spare  
On what I still believe in  
When none of my talk  
Ever seems to get me anywhere

Yeah, these habits are so hard to break  
And they're so easy to make  
Well, these habits are so hard to break  
And they're so easy to make  
So easy

So long, bye my friend, so long  
So long, will it ever happen again?  
You know that I've been waiting for you  
I've been creating for you so long  
You know the light ain't fading from you  
Nothing could save me from you, so long

Tired but I ain't dreaming  
Falling into solid air  
And why I must be leaving  
'Cause one of these days  
I'm gonna pull out all my hair

Yeah, these habits are so hard to break  
And they're so easy to make  
Well, these habits are so hard to make  
And they're so easy to break  
So easy

So long, bye my friend, so long  
So long, will it ever happen again?  
You know that I've been waiting for you  
I've been creating for you so long  
You know the light ain't fading from you  
Nothing could save me from you so long
