Just swear that I'm the only one  
But I feel that all your love has gone away  
I always beg you to stay  
So please make up your mind and  
Let me know that you will.  
Tell me what you feel  
Tell me what you feel

I swear you're the only one  
In my dreams, yeah the only one  
The only girl I wanna hold you tight  
I come a day to day, I come a night to night  
Like a vision you are on my mind  
The real love it's hard to find  
Tell me what I'm gonna do.  
There's so much I feel for you  
Can we talk about you and me  
There is a future, can't you see  
Can't you see, can't you take it  
Can we be, yeah can we make it  
No chance for a second try. Baby baby, ha, don't cry  
We don't stay at night together  
We have changed our life forever  
Can't you feel it  
Can't you feel it  
Can't you feel it  
Yeah!

Whom you loved long time ago  
That's the deal, so feel it's not the show  
Let me chill, let me feel you one more time  
Straight from my heart, come on with the rhyme  
Hold you right, hold you tight yeah by my side  
Give it up, give me all, ha, what you like  
Yes, can I feel the groove  
Dedicate, dedicate my love for you

Just swear that I'm the only one  
The only one, the only one. Please make up your mind  
Tell me this, tell me that what I have to do  
All I wanna do is just for you  
For you, ha, just for you. For you, ha, just for you

The first touch, the first kiss. So many words that I miss  
Once again I'll be your friend  
Believe me girl, it's not the end
