It's pulling me down
Pulling me down

Who are you, and where did you come from?
I feel like you're someone from out of this world
I believe that you're part of my destiny
This sudden reality got me, wanting more, girl
Now, it's you and me
Baby, I can't leave you alone with no one else around
I can tell you, want it
Girl, this moment is nothing ordinary, but on the
contrary

It's like
I'm being stranded in the middle of nowhere
I'm running, but I'm not getting anywhere
Gotta get it together, get it off the ground

Love is pullin' me down and down
I can't shake this gravity
I can't shake this gravity
I can't shake this gravity
I can't shake this gravity

It's pulling me down
Pulling me down
Gravity
Gravity
It's pulling me down
Pulling me down
Gravity
Gravity

Taken by the aura inside of you
Like, your heart's a magnet
That I'm getting pulled to
What's happening is so unexplainable
But, it feels so natural, girl

Now, it's you and me
Baby, I can't leave you alone with no one else around
I can tell, you want it

Girl, this moment is nothing ordinary, but on the
contrary

It's like
I'm being stranded in the middle of nowhere
I'm running, but I'm not getting anywhere
Gotta get it together, get it off the ground

Love is pullin' me down and down
I can't shake this gravity
I can't shake this gravity
I can't shake this gravity
I can't shake this gravity

It's pulling me down
Pulling me down
Gravity
Gravity
It's pulling me down
Pulling me down
Gravity
Gravity

Can you feel what I feel right now?
Right here, with you
Let the choice, make the voice, for your heart
Come a little closer
Come a little closer
Baby, I need you here with me right now
Some way, some how
Girl, your pulling my gravity

Love is pullin' me down and down
I can't shake this gravity
I never can shake
I can't shake this gravity
Girl, your gravity is pulling me down
I can't shake this gravity
I never can shake
I can't shake this gravity

And It's like
I'm being stranded in the middle of nowhere
Nowhere
I'm running, but I'm not getting anywhere
Anywhere
Gotta get it together, get it off the ground
Love is pullin' me down and down

Hey
Gravity

Yeah...
