Just throw away the key to my cold jail cell
There's no escape from this bitter pill
Hand cuff shackles and ball and chain
Life's a straight jacket now you be insane

Let me out, let me in
I want my freedom, back again
Let me out, let me in
I want my freedom, back again

Those metal fences try to bend my mind
Cerebral prison and I'm doing hard time
Trapped in a job and relationship
Can't walk baby joined at the hip

Let me out, let me in
I want my freedom, back again
Let me out, let me in
I want my freedom, back again

Just throw away the keys to my cold jail cell
There's no escape from this bitter pill
Hand cuff shackles and ball and chain
Life's a straight jacket now you be insane

Let me out, let me in
I want my freedom, back again
Let me out, let me in
I want my freedom, back again
