She's waiting for you in the magazine
She wears a smile just for you
It doesn't matter what her name my be
Rebecca, Jennifer or Sue

Oh he's falling in love with a photograph
Doesn't see us speak at all
Fallen in love with a photograph
Just colored paper on the wall

You change your mind and drive of in your car
You want some more there's more than real
The city lights are not to very far
Illuminating they stand still

Oh he's falling in love with a photograph
Doesn't see us speak at all
Fallen in love with a photograph
Just colored paper on the wall

Tell me if you look at her picture
You know you just can't resist her
Tell me you look at her picture
You just can't resist her

She's waiting for you in the magazine
She wears a smile just for you
It doesn't matter what her name my be
Rebecca, Jennifer or Sue

Oh he's falling in love with a photograph
Doesn't see us speak at all
Fallen in love with a photograph
Just colored paper on the wall

Fallen in love with a photograph
Fallen in love with a photograph
