Mass deception  
Distorting truth  
Your people live in lies that come from you  
Self election  
Opponents disappear  
They threat the evil things you do  
State oppression  
You run the media  
The story's changed so you look good  
False conception  
Your people would like you less  
If papers wrote the things they should  
Lies, all you ever tell are lies  
Lies, all you ever tell are lies  
Mass deception  
Distorting truth  
Your people live in lies that come from you  
Violent obsession  
Your lust for power  
Is killing people, doesn't mater who  
Lies, all you ever tell are lies  
Lies, all you ever tell are lies  
We hate your state and will retaliate  
Your soldiers trained for battle  
But are used as bait  
Your lies they buy  
But in the end you'll die  
They'll see the hypocrite in you  
It just takes time  
Lies, all you ever tell are lies  
Lies, all you ever tell are lies
