"Racist School"

I am so sick of it
this world is full of fucking biggots
my teachers don't give a shit
that their students are all predjudice
some won't admit it
some are fucking proud of it
someone should teach them a lesson
that you don't judge someone by the color of their skin
we all have different origins
we aren't all canadian
if this country belongs to anyone
it is the native men and women
being pushed on to reserves
the government's got quite the nerve
they think this land belongs to them
it is the only answer assasination
i go to a racist school
we talk about democracy
they claim there is freedom of speech
if you think that this is true
you won't be offended if i say fuck you
to my racist teachers
to the homophobic preachers
we all have a heart we all have a brain
why are we not treated the same
i go to a racist school
