"Kill The King"

Visit "[Kill The King](#)" on MotoLyrics.com

Satanic, born on the dark side (the dark side)
My mother screaming my name (my mother screaming
my name)
Mine is a heartless story, banished like the embers by
the rain

This manic dawn is my birthright (my birthright)
Insanity fuels my veins (insanity fuels my veins)
My passion fused with fury, raved, and my wounds
incite the pain

I wanna kill the King of Britain dead
I wanna thrust a knife deep in his chest
I wanna feel and see his blood run red

I cannot rest till I am King
For no man's fool, am I?

I'll kill the King, I wanna see him dead
I wanna seize his Kingdom, gonna take his head
I wanna kill the King and rule myself instead
My demons testify, (supreme) I will not be denied again

Grey shadows caught in the half-light (the half-light)
Is what I've seen pre-ordained? (Is what I've seen pre-
ordained?)
Destiny, hope and glory, balanced by the gloom inside
the grave

I've rallied thieves, thugs and low life
My band of mercenary strays (my band of mercenary
strays)
And when I'm King they'll deal my justice with the
swiftness of a blade

I wanna kill the King of Britain dead
I wanna thrust a knife deep in his chest
I wanna feel and see his blood run red

I cannot rest till I am King
For no man's fool, am I?

I'll kill the King, I wanna see him dead
I wanna seize his Kingdom, gonna take his head
I wanna kill the King and rule myself instead
My demons testify, (supreme) I will not be denied again

I'll kill the King, I wanna see him dead
I wanna seize his Kingdom, gonna take his head
I wanna kill the King and rule myself instead
My demons testify, (supreme) I will not be denied again

I wanna kill the King of Britain dead
I wanna thrust a knife deep in his chest
I wanna feel and see his blood run red

I cannot rest till I am King
For no man's fool, am I?

I'll kill the King, I wanna see him dead
I wanna seize his Kingdom, gonna take his head
I wanna kill the King and rule myself instead
My demons testify, (supreme) I will not be denied again

I'll kill the King, I wanna see him dead
I wanna seize his Kingdom, gonna take his head
I wanna kill the King and rule myself instead
My demons testify, (supreme) I will not be denied again
