Off into the room
He sees her all around
Surprised him that she sat right down
The smile upon her face
Was not to be replaced
Has to last him all his life
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the...
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the end
Everything they shared
As if it was a dream
Took advantage of the time
Setting themselves up
They ran into a wall
Enjoyed it all before the fall
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the end
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the end
Every single day
For each other, they shall pray
They wonder where they are
And what their life's like now
Knowing that it went to far
Hoping there is a time
When they will meet again together (together,
together...)
Always 'til the end
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the end
Deep inside is where she'll find
The only heart that's on his mind
Until the end, oh until the end
