My brother's life was over with a flash of light
The gun was sure to have seen him comin'
Don't know how much you're gonna have to pay
He shot him dead at the signal when the light was red
It's just the way it's always been and you know now
what has to be
Cause where you live life there's no rules
Makes today a good day for dyin'
Goin' down i don't need a reason
In the eyes of fools
Livin' by these rules
Colors and blood are all I have
I don't care if you kill me
Colors and Blood are all I have
Whether I die or live
Colors and Blood are all I have
I don't care about tomorrow
Cause tomorrow may never come
May not ever see the sun
I heard him say as he turned and walked away
This is my way ain't gonna be no other
Don't try to talk to me don't bother
He's not a man unless he's killed with a gun in his hand
