[Fat Joe]

Diggin In The Crates 9 9

Yeah yeah Still Diggin y'all

Yeah yeah yo yo

There's only one way for me to explain the key to this game

Is longev keep it the same

The seeds'll remain only if they bringin the pain

Hip hop don't stop like the heat in my vein

The streets know my name Don Carta bomb harder

My persona is honored in the Bronx as my alma matter

I'm smarter than the average Joe, packin a flow

That's stackin the dough, let's bring the chips in the bag and let's go

It's Fat Joe, I'ma set it straight

If you do your hist I exist through Diggin In The Crates

I'm bringin in the ace, had to stay up late

Playin the corners but never seen a day upstate

Until the day I escape or see Tone at the pearly gates

I continue to runch it even after the computer breaks

You know the rates, fifty-thou for every verse that's foul

And I bring rhymes to life like the birth of a child

"Verbal assault" "Blow out your tweeters"[Fat Joe]

"Big L"[DJ Premier] \*cut and scratched\*

[Big L]

Check it, my whole crew holdin

We all got cars wit extra features

It's a bunch of y'all, one got dough, the rest is leeches

You probably mad cuz I be sexin divas

I should pull this pistol out and make you touch your sneakers

I'm on some cool out shit, but I will pull this tool out quick

And put some holes in your new outfit

You frontin hard cuz your whip a Range

But it's a 4.0, you nerd nigga, you heard Jigga now get your change

You ain't a willy you a small solider, give it up son it's

all over  
And you never sold a, pound a cane  
You a clown wit fame, goin down the drain  
All yo' shit sound the same  
I'ma shine pop-o, cuz when you got dough your rocks  
glow  
L got a hot flow that rap coppo  
I'm Uptown smoothest, first album left you clowns  
clueless  
Sayin I'm wack, you niggas sound foolish  
Niggas hate to see L bubble, they'd rather see L  
struggle  
Cuz what they sell, I'ma sell double  
You wanna see rocks, then look at L's wrist  
If you see me in the club drinkin Mo' that means they  
don't see Cris, what
