How do I put into words
That one thing is for sure
All that I have is yours

I, I'd come running to you
Nothing I wouldn't do
I would never desert you, hurt you
I want you to know

Who's gonna be there standing
By your side forever?
Who's gonna hold you when
You can't keep it all to gether
Who's gonna promise that they 'll
Never leave you alone
I will, I will I will

Try when the night feels too long
When all your hope is gone
I will help you to carry on

Cause now, so much more I can see
All you've given to me
Cause of you I am better, Stronger
Don't you know

Who's gonna be there standing
By your side forever?
Who's gonna hold you when
You can't keep it all to gether
Who's gonna promise that they 'll
Never leave you alone
I will, I will I will

For what i believe
I'd risk everything
And you know I believe in you
And you're willing to fight
Cause you know deep inside
It's the right thing to do
It's the chance that you take

It's the band that you won;t break
Love's the one thing.....
That never ends

Who's gonna be there standing
By your side forever?
Who's gonna hold you when
You can't keep it all to getter
Who's gonna promise that they 'll
Never leave you alone
I will, I will I will

Who's gonna be there standing
By your side forever?
Who's gonna hold you when
You can't keep it all to getter
Who's gonna promise that they 'll
Never leave you alone
I will, I will I will

For you I will
