If you wanna chase a woman
Then you got to understand
You know they say
That two can play the game
Of catch me if you can

Without any explanation
I will take your world apart
From an open invitation
To a shotgun at your heart

CHORUS:

There's no runnin' away from love
When you hear it call your name
You can never escape the heat
One you dance inside the flame
There's no running away from love
It might be more than you can stand
But if you get it right, it's worth the price
Don't try to fight it, take it like a man

Once you drink the magic potion
Don't go cryin' for the cure
You gotta swim the ocean of my love
If you wanna reach the shore

So when I need some attention
Pour some sugar in my tea
I should never have to mention
How to satisfy my needs

CHORUS

You gotta learn how to put up with me
Cause you know I love to flirt
And in the end the pay-off be sweet
But until then just take it like a man

So when I need some attention
Pour some sugar in my tea
I should never have to mention

How to satisfy my needs

CHORUS 2x
