Look into my eyes  
Tell me what you see  
Amplified starlight  
Pure energy  
You cringe from my power  
Go home and take a shower  
I am intelligent life  
You are less

Look into my heart  
Tell me what you feel  
Pain and agony  
>From a horrid ordeal  
You flee from my sadness

Finding no gladness  
I can handle it o.k.  
You really can't

Look into my mind  
Tell me what you think  
Of the mangle and madness  
Of a missing link  
You stiffen and turn sour  
Descending from my tower  
You fall and turn away  
You are mine!
