[Pastor Troy]

I done licked niggaz for g's off in this game  
I done licked niggaz for key's off in this game  
But it feel like I'm doing the same thang  
The things we do just to maintain  
I done had work for days off in this game  
Bitch we got grenades and k's off in this game  
I learned that it ain't no friends off in this game  
Alot of niggaz off in the pin cause of this game

[Hook x2]

Thats why I'm tired of runnin these streets off in this  
game  
But how the fuck my family gone eat off in this game  
It feel like I'm to goddamn deep off in this game  
And I can't even get no sleep off in this game

[Pastor Troy]

They done fucked up my nigga, I'm hollin at his son  
I'm lookin at his veins see the blood of a don  
What's up nigga this ya uncle P.T  
And I'm representin til your father is free  
And I done had ups and downs off in this game  
I done went from nicks to pounds off in this game  
Alot of niggaz showin me love cause of the fame  
But that don't mean nothin to me cause I'm the same  
Gangsta ass nigga, hard as a rock  
Never sell a quarter, sell the whole block  
And I done paid cops and I done paid the judge  
Got caught with 50 pounds I got charged with a budge  
So you can't tell me nothin about the law  
And half the politicians live for the raw  
But then they wanna tax  
But then they wanna act  
Because a nigga young  
Because a nigga black
