Ready or not here we come, here comes trouble in the club

11, 12, 13, pistols big as M 16's

How the fuck we sneak in with this many heaters in our jeans

Nina, 2 nina's, a peace and they dont even see us

Some shit pops off we squeeze each one they gon' think its machine guns

Vanos vo vano, bananas in our flannels

Hands around our colt handles, hold them like roman candles

Vannas vo vannas, banana fanna fo fannas

Who come back all bananas, banna clips loaded

Managers, bouncers and the club owners, the motherfuckers dont want us

To come up and rush in the club and run up in it with a bunch of

Motherfuckers from Runyan, steady poppin them onions,

Ready set to go nut up, prepare to tear the whole club up

Fixin to get into some shit just itchin to choke someone up

You know we finna loc'n when we mixin coke with coke and nut rum up

Yeah Yeah oh, what up, see my people throw shit up

See you talk that hoe shit now when you down you dont get up

And can't sit up your so slit up, the ambulance wont sew you up

They just throw you up in the trunk once they tag your big toe up

Heater no heater, automatic no matic

Mac or no mac it dont matter if I have or dont have it

You never know what im packin' so you just dont want no static

And open up a whole can of whoop ass you dont wanna chance to

Risk it no biscuit, mili mac a mac milli

Really homie dont be silly, homie you dont know me really

You're just gonna make yourself dizzy wonderin what
the dealy
Fuck it lets just get busy D Twizzys back up in the hizzy!

[Eminem - Chorus]

Git Up Now!
Lets get it crackin, Git, Its on and poppin
Its D12 is back up in this bitch, uh, there aint no stoppin
We're gonna get it crackalatin
What you waitin for the waiters orders
Say no more fo tryin to play the wall and quit hatin
Git Up Now!
Notice you're sittin, what the fuck is you deaf
You motherfuckers dont listen, I said,

We bout to get this motherfucker crackalatin'
Quit, procrastinatin'
What the fuck you waitin for get off the wall and quit
hatin

[Swift]

I keep a shit load of bullets a pitpull to pull it out (?)
And automatically explode on motherfuckers until they
mouth be closed permanently
You get burned until i quickly you can not hit me *****z
to terrified to come get me,
Tempt me if you think Swifty won't send a slug, people
run,
When the reaper comes, the repercussions' gon' leak
your blood,
Inglewood, steepin' without a weapon, you leave, you
gone,
I'm still runnin' with stolen toasters while on parole,
Snatch you out our home, like eviction notices hoe,
When I unload, I'm known to never leave witnesses to
roam,
When I'm blowed, I'll write the wicked in scroll,
At the toll, when I'm sober I'm prone to roll up and
disconnect your soul, *****.

[Kuniva]

Now it's proven it's about to be a misunderstanding
In furniture moving, bullets flying, lawyers & mothers
suing
Cause *****s don't know the difference, you bitches
just stick to fiction
It's sickening, you can't even walk in my jurisdiction
rippin' it,
Grippin' the pump and who wanna fuck with a walking
psychopathic
Pyromaniac shady cats with 80 gats

And maybe thats the reason that you gon' get it the
worst a
And since you jumpin' in front of everybody you gon'
get it first
I dispurse the crowd with something vigor and versatile
So go on and record you verses now while you got a
mouth,
And it's not a joke, it's some kind of riddle,
Kunizzle will lift up a 12 gizzle and throw a party from
my equittle,
And a glock that ? stop you from waking,
Bullets'll hit your liver, I'll even shoot native americans,
A ? ***** , we back in you life and back in your wife,
Hit you in the back with a knife and get it crackin'
tonight.

[Chorus]
