Eminem:] So I changed huh? You got a phone, pick it up, call me

[Chorus: Eminem]

How come we don't even talk no more
And you don't even call no more
We don't barely keep in touch at all
And I don't even feel the same love when we hug no more
And I heard it through the grape vine we even beefin now
After all the years we been down
Aint no way no how, this bullshit can't be true
We family and aint a damn thing changed, unless it's you

[Verse 1: Eminem]

So young, so full of life in vibrant side by side wherever you
Weres ridin I went
So close, almost on some bonnie and clyde shit
When ronnie died you weres right by my side with a sholder to
Cry on
And Tissue to wipe my eyes, and a bucket to catch every tear I cried
Inside it
You even had the same type of childhood I did
Sometimes I just want to know why is it that you shit came to
Yours
And mine I survived it, you ran the streets, I 9 to 5'd it
We grew up, grew apart, as time went by, then I blew up
To both yours and mine surprises
Now I feel the vibe I just can't describe it
As much as your pride tries to hide it
Your cold, your touch it's like ice
In your eyes is the look of resenment
I can sense it, and I don't like it

[Chorus]

[Verse 2: Kon Artis]

It was my dream at first to be on spittin a verse
On my own album with a deal but shit got burst
So I came out I woulda killed a nigga first
Before I let him disrespect me and check me over
some worst
Some bitch that I wasn't with I would hit her then quit
But you would pull a talk with her and tell her she was
the
Shit
I told you don't get involved in it, you was smokin the
chron
With her
Comin out of the bar with her stumblin half drunk
Like yall was husband and wife or somethin
But me catchin her f**kin other niggers musta hurt you
pride or
Somethin
'Cause you walk f**k at the mouth with people like you
wanted with
Me
When all I tried to do was show your bitch was shift
And ever since the fans and all the shit that I produced
You actin like I aint you man and lyin like she can't be
loose
But I am really you friend, I'm jus trying to tell you the
Truth
But don't hate the game or the player
'Cause the one that is changing is you

[Chorus]

[Verse 3: Proof]

You're only at the top 'cause my homie had to stop
Now we actin like I gotta live only for the block
Homies in the hood only she be on the tube
Only gossip on the porch get to speakin on who
Fools I used to rap with all expect magic
Like my finger get to snappin and *poof* it jus happen
But PROOF is jus actin out the part he was thrown
Shady made it so my babies aint starvin at home
See the devil in your grin since the ghetto we been
friends
Whenever real intelligence that's forever till the end
I peep the hatred in your eyes and the satan in your lies
Ain't wastin my times with these snakes in disguise
(How come) when you talk it's with bitter is fight
And (how come) it's my fault for what you did with your

life

And everytime I go to hear you and play you look away
We barely embrace, you can't even look me in my face.

[Chorus]
