"I Say Yeah"

Alright...Yeah...(Alright)...

I know that you know that I can't stop watching you
I feel it, believe me, I know you feel it too
Oh-oh-yeah

There's something about me that you don't know about
I'm someone that somehow you seem to be without

Is it so hard to see that I'm not invisible?
Feel like a fly on the wall

So if I get a little crazy
Look a little spacey
Blowing kisses your way
Will you think I'm OK?
Set the sun on fire
Scream a little higher
Hold you in the moonlight
I say yeah if you say alright

I might not be special, not like your superman
But living and loving, well that I super-can

It's not so complicated, not reinvent the wheel
Just let me know how you feel

So if I get a little crazy
Look a little spacey
Blowing kisses your way
Will you think I'm OK?
Set the sun on fire
Scream a little higher
Hold you in the moonlight
I say yeah if you say alright

Aha...Yeah...

You say alright (alright)
Then I will say OK (OK)
I will take your hand
And we can fly away (we can fly away)

NO matter where we go
You will always hear me say, yeah...

Woh-oh oh...(I say yeah)...Ho-oh-woh
Baby...(alright)...Alright

So if I get a little crazy
Look a little spacey
Blowing kisses your way
Will you think I'm OK?
Set the sun on fire
Scream a little higher
Hold you in the moonlight
I say yeah if you say alright
Set the sun on fire
Scream a little higher
Hold you in the moonlight
I say yeah if you say alright
