Purple pills

[Chorus]

I take a couple uppers

I down a couple downers

But nothing compares

To these blue and yellow purple pills

I been to mushroom mountain

Once or twice but who's countin'

But nothing compares

To these blue and yellow purple pills

[Eminem]

Cool, calm, just like my mom

With a couple of valium inside her palm

It's mr. mischief with a trick up his sleeve

To roll up on you like christopher reeves

I can't describe the vibe I get

When I drive by 6 people

And 5 I hit

Ah shit

I started a mosh pit

Squashed a bitch

And stomped the foster kids

These shrooms make me hallucinate

Then I sweat till I start losing weight

Till I see dumb shit start happenin'

Dumber than vanilla ice tryin to rap again

So bounce, bounce, c'mon bounce

I said c'mon bounce

Everybody in the house with a half an ounce

Not weed I meant coke dumb ass sit down

We don't bullshit, better ask around

D12 throws the bombest bash in town

Bizarre, your mom is passing out

Get her ass on the couch 'fore she crashes out

[Kon artist & kuniva]

Fuck that, someone help denaun

He's upstairs naked with a weapon drawn

Hey von

You see me stepping on your leprechauns?

It gotta be acid 'cause the x is gone

Ya I took them all dog with some parmesian
And I think my arm is gone
It's probably numb
Dumb, dumb, and full of cum
And I think he 'bout to swallow his tongue
Scary ass it was a false alarm
You think I'm 'bout to die when I just got on
So stop acting stupid
You so high
That you might wake up with a guy
On some new shit
I think I did too much
This substance equals cuffs
Red pills, blue pills, and green
Big pills (that's ill)
Mescaline

[Chorus]

[Hook]
Dirty dozen
80 of us
Shady brothers
Ladies love us
That's why our baby mothers
Love us but they hate each other
They probably wanna take each other out
And date each other
Some-, something, something, something
Something, something, something, something

[Proof]
Pop pills
Pills I pop
Pop two pills
On stilts I walk
Snort two lines that were filled with chalk
Thought it was incredible I killed the hulk
I wanna roll away
Like a rollerblade
Until my eyes roll back in my skull for days
And when I'm old and gray
Look for coke to smoke
I overdose
When I pack up my nose with coke
(Cough cough cough)
Am I suppose to choke
Had an accident when the trojan broke
Ahh, poor baby
Born by whore lady
Now I gotta drink away

(You're crazy!)

[Swifty]

I pop four e's at one time
And I don't need water when I'm swallowing mine
(You got any shroom?)
Does bizarre smoke crack?
I can't get job
Because my arms show tracks
Why the hell you niggas think I rap?
I do it just to get your company hijacked
If you like smack
Then I might too
(Swift, chill)
I just wanna get high like you
And I don't give a damn if they white or blue
Speed, shrooms, down the valiums
Even smoke weed outta vacuums
I just got some and I'm going back soon

[Chorus]

[Bizarre]

I'm at rave
Looking like a slave
High off chronic
Gin and tonic demonic
Body smelt like vomit
Pussy poppin', acid droppin', dope heavy guy
Heroin mescaline pencil leads wanna try?
Blue pills, golden seals
Got bizarre actin' I'll
Drugs kill (yeah, right)
Bitch I'm for real
Shut your mouth you dirty slut
You know you want it in your butt
I'll put it in your cunt
Let bizarre nutt

[Chorus]
