Bizarre making wack crews fold
Me and Bill Clinton wanna bust in hoes that only 14

Doin drive by's in fuckin pink caddies
Tie you up and beat you worse the L L Cool J's daddy
This is a crime that even Mc Gruff couldnt solve
Chew dog and its not you niggas is what leavin in __
You don fucked around and gotta get a fix

Rap guys - listen to me
Listen to me rap guys
Diss Bizarre you die

We can do this like men
Or talk it out real right
Or do it my way and drive by later on tonite
Break in your house hang your sister by her shirt
Bury her in the dirt, wait for you moms to get home
from work
Id a killed so many M.C's I cant count the number
Niggas writin me letters say "I know what you did last
summer"
One rapper tested me and though I was a punk

And i aint seen his body since I threw it out of my trunk

Fuck around and throw your ass in the lake
And never be found like my high school prom date
Bizarre stick ill, shoot vein in my fathers vein
And watch a nigga die like Sugar Hill
I'm sicker the a transvestite gettin fucked by a
paraplegic
I say dumb shit when im weeded
Your girl sucked me, bitch you better duck me
Or fuck around end up room mates with Mike Hutley

Tell you you can use my sample
And two weeks later i'll screw you
Diss me on your stage show

But aint no garauntee youll make it out this bitch fuckin
alive
I got weed and drinks and some fuckin slut
Fuck her in the butt, burn her back with hot cigarette
butts
Quick to throw the fuckin nine up
My crew gets more dirty looks then Queen Latifa in a
police line up
Dont wind up like your boy name Romer
Have your parents wondering when your ass is comin
out this coma
Smell the aroma when my crew hits the stage
Somebody stop this machine in a rage
Fuck your girl disrespect her then i teck her
