[Kuniva]
Eh yo, I slit throats
Walk in a diner and order French toast
Take a flight to Littleton (Bitch gimme back my
trenchcoat)
I strike back, don't even ask for this mic back
You better of askm Debal for your bike back
You make the era of inviting niggaz who like fighting
niggaz
Like Mike Tyson, the murderous trife titan
I make a statement, rippm your truck up on your
pavement
Lookm for something hark enough to hit you in your
face with
[Proof]
And then I grab you by your neck
And dom my bullet loose
Trapped in a soundproof and rapped in bulletproof
Holdm SSO's to naked twin babies
Dirty Dozen the reason y'all don't fuck with Slim Shady
Receive more hits than a baseball stadium
Run up on the Temptation and waste all eight of em
(every last one)
We can battle with yo command
Snatch the spine out your back and make you fold like
a bad __ hair
[Bizarre]
All you big niggaz
I like that knowledge flow
I'm to old to be rastlm
And fuckm up my clothes
Now you by yorself on the ground by yourself
While your boy yells (Hey somebody get some help)
Fuck a treuce, ain't no apologies
I shoot so much I got funeral homes following me
