Ya know i've known you now  
Known you now for a real long time  
And i think it's time to take you  
Take you out and make you mine  
Wouldn't it be neat  
I can see you now you're looking so sweet  
Holding your hand in mine  
Cause two hours is not enough time  
So i'm asking you if you'll go with me to the drive-in  
We'll park the car  
It's just you and me while the film's rolling  
So i'm asking you if you'll go with me to the drive in  
Cause even if the movie sucks we still got eachother  
while the picture's  
Rolling
