Oh, look out, oh uh, come on  
What'chu like, a whole lot of, whut?  
(Tyrese, yeah)  
What'chu like, me on a, whut?  
(What'cha like, what'cha like?)  
What'chu like?  
(Can you tell me, baby?)  
Why? How? All night long  
(All night long)

I like 'em brown, yellow, Puerto Rican or Haitian with  
Good conversation, plenty big faces  
It's a must, I stay luxurious  
Jewelry cut precision like I bust  
Been winnin' since Funkdafied blew up  
It's evident, shit, I can't be touched  
Niggas say I'm too much, I trust it's true  
Why lie? See for yourself when I slide through

Drive by your bitch, say don't look, you do  
Shine so bright in the wet U2  
You wish boo boo could ride with you tonight  
Ain't nothing in the world that Brat can't do  
She attractive to them, him, her, and you shit  
Frostbit, December Unrestricted  
Drop dead, the cost is priceless  
Due to the content I suggest you'll like this

What do you like? A whole lot of foreplay  
Right before you get it started, what do you like?  
Me on top, you on the bottom, tight body, what do you  
like?  
Somebody that can make you say  
Wow, know how to all night long, all night long, tell me

Whassup? The setting, a hot-ass club  
And you still be sweating me  
I don't see nothing wrong with giving a little love  
But nigga, just let me breathe  
Damn, you cute as hell, so let's switch the digits  
Then I got to leave and you can buy me a couple of  
drinks

But I'mma go socialize and smoke my weed  
And I like it when you keep your eyes on me

And I like it when you touch my privacy  
And I like it sex and ecstasy  
When the belt buckle loosen up, undress me  
Already juiced up, that come naturally  
Wax on and off so romantically  
No woman can slow dance or throw down like I can  
Ask if you curious to know what I like, man

What do you like? A whole lot of foreplay  
Right before you get it started, what do you like?  
Me on top, you on the bottom, tight body, what do you like?  
Somebody that can make you say  
Wow, know how to all night long, all night long, tell me

Let me tell you something, well, I start at the top of the list  
With my pretty eyes, a cute nose and these fat ass lips  
My medallion sit in the middle of my tits  
It's hit after hit, shit sweet every sip  
Down to the last drip drop, watch the hips rock  
Color me bad, tick tock, you don't stop  
'Til the thick thighs, dick rise when I skip by  
I ain't surprised, I'm what'chu like nigga

What do you like? A whole lot of foreplay  
Right before you get it started, what do you like?  
Me on top, you on the bottom, tight body, what do you like?  
Somebody that can make you say  
Wow, know how to all night long, all night long, tell me

What do you like? A whole lot of foreplay  
Right before you get it started, what do you like?  
Me on top, you on the bottom, tight body, what do you like?  
Somebody that can make you say  
Wow, know how to all night long, all night long, tell me

What do you like? A whole lot of foreplay  
Right before you get it started, what do you like?  
Me on top, you on the bottom, tight body, what do you like?  
Somebody that can make you say  
Wow, know how to all night long, all night long, tell me
