You came and took my hand  
And You gave me strength to stand, Yeah  
Now I know I can make it through another day  
I just can't believe, I just can't believe it  
I just can't believe it

I can't believe that You gave up brighter day  
And all the tears that I cried You wiped away  
A silver lining when all my skies were gray  
I can't believe that You came into my mess  
You woke me up and then gave me rest  
In all my weakness you gave me strength  
Undeserved You say I'm blessed

You came and took my hand  
And You gave me strength to stand, Yeah  
Now I know I can make it through another day  
I just can't believe, I just can't believe it  
I just can't believe it

I can't believe that you showed me so much grace  
But I was willing to throw it all away  
When I was hungry You put food on my plate  
I don't know what to say  
I can't believe that You showed me so much love  
And all my sins were covered in the blood  
Past, present, and future sins  
Jesus You are my super friend until the end

You came and took my hand  
And You gave me strength to stand, Yeah  
Now I know I can make it through another day  
I just can't believe, I just can't believe it  
I just can't believe it
