[Taji]

This ain't a joke or a riddle, don't mistake this cause  
I'm little  
Step to this and pay a visit to the hospital  
Yo Youngsta's (Yo!) Shall we let our triggers go?  
We're kinda young but our jimmies are gettin bigger,  
though  
We're back to break the sound barrier  
Causin hysteria in your area  
I shoot the gift swift like a sniper  
With the type of rhymes that get you hyper than a piper  
Girls be wildin when I enter the center of the stage  
They start goin on a rampage  
I'm leavin you all astonished  
Goin up a sucker's mouth like a orthodontist--  
I never come off soft, I ain't feminine  
I chew an MC just like a M&M  
Step to this and get played like hookey  
Because I'm one tuff cookie

[Qur'an]

Here's a little somethin that the rhyme creator made  
Before I grab the mic I might sip on some Gatorade  
To get my voice a little moist  
You can review it, listen to it, it's your choice  
I get funky like a hamper, don't tamper cause it's fatal  
I knew I was dope since the cradle  
Yo Youngsta's (What up?) Should I drop the bomb on  
'em?  
Suckers be wonderin what's the phenomenon?  
But this ain't a Chinese secret  
I knew it was over when the beat went...  
Yeah, that's the way I like it  
When I see a mic like lighting I strike it  
I feel no competitor, I'm more like the editor  
I'm like the Terminator, better yet like the Predator  
I'm takin more bets than a bookie  
Don't call my bluff because I'm one tuff cookie

[Tarik]

I'm a t-u-double f c-double o-k-i-e

Yeah, one tuff cookie, gee  
The name's T the a the r the I the k  
The smooth young buck from around the way  
Whoever told you that you can overtake me  
You little flea step back because you're irritatin me,  
gee  
I'm layin suckers out with authority  
Whoever told you that I was a minority  
Plain and simple, all jokes aside  
Cause it's about time to let the syllable slide  
Ever since I was about 5  
I wanted to rhyme, but I didn't have the time  
Yo see, I had to play with my Legos  
Real slow, all the adults said I was just a no-no  
Just because I used to do my own thing and get paid  
And sport my high-top fade  
So don't be tryin to play me like some nutball-- rookie  
(Why Rik?) Because I'm (one tough cookie)
