Like mountains of time  
Islands of mine  
We dissappointed the customs of night  
Fearless to trust  
Heavens to bust  
All of our blades that we scattered to rust  
And in the ruins of your latest attack  
I found the scripture there ain't no way back  
Mules packed with dimes  
Mountains of time  
When you were a stranger  
Carving my faith into burnt trees  
Clouds opening up to where the bird flees  
What a beautifull feeling you've sent me  
What a beatifull body you gave away  
A to easy prey  
For all these mountains  
For the mother of timing came nothing too late  
Sent me the creature to suck out the blood to hydrate  
Takes you to center if time  
Leaves you to peacefully pitiless drowning  
Takes you to time zones  
We could not rhyme  
We were the mountains of time  
For then you took me somewhere  
Some mystery fair  
Riding your silver sleigh all through my hair  
Children to stare  
Burdens to bear  
Only these mountains of time kept us there  
You've washed the stigma from my twisted hands  
You've burnt the forest so that I could land  
Look at the palace they're building on top  
Fields to be cropped  
Mountains of time to corrupt  
Take, take me back where  
I used to roam  
All of these mountains of time wouldn't grow  
I brought the sin, you brought the cane  
These guns of pride were just symbols of shame  
Hybrid descendants, we played the wrong game  
Like portraits unframed I am holding you tight

And if I do, you surely will  
In these mountains of time  
These mountains of time
