Cut me out of this role.
I can't play it anymore.
It must be something in the water here.

Give me up,
I confess.
I feel as though i'm living less.
The strangest gravity affects my way.
Because i was born incomplete,
Drowning in the brevity.
Kind of like a road you're travelling on.

Chorus:
Everything in 2's
You often lose
You make me whole again
Everything in 2's
You never knew
You'd make me whole again.

Someone said, someone wrote,
We're floating tethered to a rope.
So complicate me,
I could use the weight.
In how you move the scenery,
Lover, how you mirror me.
But stop me if you've heard it all before.

Chorus:

And now and again,
You find yourself over your head.
In a cynical time, in you i find
A reason to live.

Chorus:

Cut me out of this role
I can't play it anymore
It must be something in the water here
