

Better Than A Thousand "Merry Christmas Eve"

Northern wind,
Chimney smoke,
Love and pain,
Joy and hope.

These are the days,
Of christmas.

Colored lights and mistle toe,
Cinnamon and nat king cole,
There's a miracle now
On 34th street.

At the airport families wait on queue,
And they shout as the loved one comes in view.
Well the kids are just happy 'cause they're out of
school.

How wonderful life is, on christmas.

Sleigh bells and sing-a-longs,
The snow falls on the lawn,
There's a midnight mass,
For a birthday.

Hearin' tunes an laughter fill the room,
You forget all the thoughts that have troubled you.
Yeah I know times I hard, somehow you'll make it
through.

How wonderful life is, on christmas.

All is quiet,
Holy night,
To awaken,
Morning light.
Let is shine!
Let it fill our lives with light.

Then as someone says 'santa claus was here,'
One by one by the tree we all appear.

Grandmother saved paper to use next year.

How wonderful life is -
How wonderful life is -
How wonderful life is,
On christmas -
On christmas.

Merry christmas eve

(at the airport families wait on queue"
Merry christmas eve

(as they smile and they cry as you fade from view)
Merry christmas eve

(well the folks are just happy 'cause they saw you)
Merry christmas eve

Merry christmas eve
Merry christmas eve

(how wonderful life is, how wonderful life is, how
wonderful life is.)
Merry christmas eve
