We gon thug this shit out

And say bang bang, bang bang, bang bang, bang

And throw your sets up nigga

Gang bang, bang bang

We keep long gats and big chains

I don't like havin sex, I like brains

And smoke some spliff, fans wit five in the range

And it's, nuthin for me, and shit on your three

I'm from Iraq, twenty minutes from Q.B.

I aim you, so you should just let us be

Or find yourself shot up, in the hospati

You be leakin, and Dole in ya face, some hot tea

Yo it's Nore, but you can call me P.O.P.

And getta dose of the dope, but dope is so deep

Only white girl I'll fuck, is Pamela Lee

And I'm gangsta, so some niggas call me G

Melvin Flynt, hustlin was born in me

So yo bitch, come and do a porn wit me

Or come to North Carolina and perform wit me

We gon thug this shit out

We gon thug this shit out

And say bang bang, bang bang, bang bang, bang
bang

Bang bang, bang bang, bang bang, bang bang

We gon thug this shit out

We gon thug this shit out

And say bang bang, bang bang, bang bang, bang
bang

Bang bang, bang bang, bang bang, bang bang

[Capone]

Yo, yo, yo

I'ma take it back to when I used to pop pistols
Sling crystal, gamble on the block with pits out
Kept my work in bitch house, right in the closet
I won't front I'll bring the drama nigga, right to the
projects
When it's cold, I remain the hottest
I bring the thug niggas, is you booshi?
I leave blood, all in your protis
Niggas life styles deserve Oscars, you so funny
Claim you kingpin - and ain't even fuckin wit hoe money
I'm gangsta, been in jail once, check my records
I keep the stash grip wit arma, before I select my
weapons
This young mind state, crime infested, I'ma get
straight to the message
I spit records, and rep my necklace
Do the dog want beef? Right where the steps is
I walk the hood, niggas pay homage cause of my
essence
It ain't nuthin, I catch any charge, get out on bail
Fuck record, this shit was platinum when it touched the
reel

[Foxy Brown]

Hot damn hoe, here we go again
Pop shit like a cock, +Lyte+ weight as your +Rocks+,
bitch
You talk slick, fuck is all that sneak shit?
Y'all kill me with that subliminal shit, bitch
Why's you frontin and kickin that street shit?
Please, impress me, go back to that freak shit
While your broke-ass was guzzlin nuts and shit
I was choppin the weights, Linc and Oldz's and shit
A decoy bitch, like the Feds lyin

Ain't you supposed to have a little bitta Bed-Stuy in ya?
Brooklyn don't raise hoes, just slip, and graze hoes
What bitch? You're soft and your pussy name hoes
So fuck ya niggas too, them niggas can get it too
Them faggots act more bitch than you
Let the nigga rest in peace, and hop off his dick, bitch
do you
And ya'll hoes is like "Fuck Fox," well screw ya'll too
Let's be truthful, give a fuck if your album push back
Or when it hit the streets, bitch, you're still weak
You still sound lame and my name still reign
I still pop them thing things, and bang bang, bitch, rep
for ya hood

[Noreaga]
