That calling from that porch again  
Low dress blowing in the wind  
(I should have known I'd regret it later)  
But she blow like a Tsunami  
I like it like that  
I like it like that  
I like it like that  
Terra Cotta, window pane  
Brown skin soaking up the rain  
(I should have been a cynical writer)  
But she don't care just where he be  
I like it like that  
I like it like that  
I like it like that  
She can move you!  
She can move you!  
What's your name?  
Destiny.  
I like it like that  
I like it like that  
I like it like that
