If u could change the choices that u've made  
Would u do it today?  
If u could spin the world the other way,  
Could u do it on faith?  
If time stands still...

What would you do? what would you say?  
If everyone you loved came back for just one day  
How would it feel, if every dream became real?  
And all the scars you have fade away  
For just one day

Imagine all the times that you could take back  
What would you have done differently?  
Thoughts in ur head that u never said  
A heart that u broke and left for dead  
If all the pain you had could be released.  
How life flies by...

What would do? what would you say?  
If everyone you loved came back for just one day  
How would it feel, if every dream became real?  
And all the scars you have fade away  
For just one day  
... and the night all the good times and the fights  
All the take and the give  
All the moments that we never got to live  
Oo-ooohhh

What would you do? what would you say?  
If everyone you loved came back for just one day  
How would it feel, if every dream became real?  
And all the scars you have fade away  
For just one day

What would you do...  
If all the love you lost you had was real  
For just one daaa-aaay  
For just one day

If u could change the choices that you've made  
Would youu do it today?
