Hello mr. greeves
you were sleeping when you crashed your car
when the doctors get through your wife won't
recognize who you are
i know that you're sick in your room
house pay insurance your mortgage too soon
hello mr. greeves
you were sleeping when your daughter left
you never quite lived now you feel that you've sunk in a
trap
in all of the the things you hold dear
a mortgage to you in 35 years
hello mr. greeves
hello mr. greeves
hello mr. greeves
hello mr. greeves
