

Better Than Ezra "Pull"

Visit "[Pull](#)" on MotoLyrics.com

You come walkin' like somebody's lover
You come talkin' like somebody's friend
You won't be here if I were unable
We both want the same thing

Pull
Pull, we both want the same thing
Pull
Pull, we both want the same thing

[Incomprehensible], sister anoint me, absolve me
Take me with you below Hell
You won't be here if I were unwillin'
We both know what I'll bring, sugar

Pull
Pull, we both want the same thing
Pull
Pull, we both want the same thing

Around, surround, you subjugate me
Feel your pull effortlessly
Fuck me up, I'm beggin' you please
We both want the same thing, sugar

Pull
Pull, we both want the same thing
Pull
Pull, we both want the same thing
