

Better Than Ezra "Rewind"

Cut a tape of my favorite songs
Said, what I can't face to face
I hoped that you would share all my thoughts
We are young and unimpressed
By all you recognize

So play it all over and turn it wide
Now there is nothin'
But a mix tape left behind
Now it don't rewind

In my car, we are superstars
Run your lipstick down your chin
While up ahead we saw such a crash
Right there a song became a soundtrack
For this space in time

So play it all over, turn it wide
Now there is nothin'
But a mix tape left behind
Now it don't rewind

Wonder is often lost
Jaded at such a cost
Age undermines you
When you close your eyes
We pass right by you

Play it all over, turn it wide
Now there is nothin'
But a mix tape left behind
Now it won't rewind

Play it all, turn it wide
Now there is nothin'
But a mix tape left behind
Now it won't rewind
Rewind, yeah, yeah
