Baby the sexy that lives in me
It's not illegal but it should be, be, be
And I know that you see it, you want it, you need it
And boy you better impress me, impress me
Baby I'm special, not just for anybody

So if you want my body
It's obvious you wanna play
This don't come easy baby
Jump in the â€¦, ehe if you want this
Jump in the â€¦, show me that you want my time
Whoa, whoa, show me that you want my time
Whoa, whoa, hey, show me that you want my time

Y'all really know, million estate

Bring it up and drop it low

for the party, party
Hands on the wall when I'm grinding your body,
bodyâ€¦ daddy, daddy
