Once upon a broken heart  
I was walking alone in the dark  
Looking for a way to start again  
What I wouldn't give for a friend  
There was no love in my life  
There was no light in my eyes  
All the tears that I had cried and cried  
Seemed like they'd never end

And I never believed fairytales came true  
But now I know that they really do  
Now that I found you, now that I'm here with you  
Just look at the sunshine, and you  
Showed me a world  
That I'd never seen  
I woke up and fell into this dream  
Happily ever after just took time  
Once upon this broken heart of mine

Long ago and far away  
I could never dream of the day  
That your love would come my way and stay  
And sweep me away and I

Never believed fairytales came true  
But now I know that they really do  
Now that I found you, now that I'm here with you  
Just look at the sunshine, and you  
Showed me a world  
That I'd never seen  
I woke up and fell into this dream  
Happily ever after just took time  
Once upon this broken heart of mine

This is the way a fairytale feels  
This is the way I know it's real  
'Cause this is the way a broken heart heals

And I never believed fairytales came true  
But now I know that they really do  
Now that I found you, now that I'm here with you

Just look at the sunshine, and you  
Showed me a world  
That I'd never seen  
I woke up and fell into this dream  
Happily ever after just took time  
Once upon this broken heart of mine
