Party time

O o o o o o o o o

through your hands up yaa through your hands up
yaaa through your hands up
ya cuz its time to party tonight
Every Friday night when im all alone I call my friends up
and they all come over
We dance until the moon light party non stop
Were always having fun listening to our favourite jams
Talking to Beonc? parting wit my boy Jay-z ya
(Chorus)

Let?s party tonight
We're gonna have a good time
Lets just party on
Till the break of dawn
We're gonna have a good time good time

Now let your body be free
Never slow the flow til it's time to go
So round em up, get a cutie in the spot
Look at the booty, time to rock
Get on the floor and make your day
So you're chilling, it's four o'clock
You won't leave til you see em close the spot
You gotta stay til they play the last song
til the night gives light to the early morn'

(Chorus)
Let?s party tonight
We're gonna have a good time
Lets just party on
Till the break of dawn
We're gonna have a good time good time

Here's where the party starts things can only get better
(Get up)
Just make your way onto to the dance floor get together
(Stand up)
It's the start of the weekend don't waste no time
For tonight is your night

On Friday (on Friday)
Time to party (time to party)
Let me see you swing and sway
Tell me are you with me?
Are you with me (X2)

(Chorus)
Let's party tonight
We're gonna have a good time
Let's just party on
Till the break of dawn
We're gonna have a good time good time
Sing it again baby (yelled)

(Chorus)
Let's party tonight
We're gonna have a good time
Let's just party on
Till the break of dawn
We're gonna have a good time good time good
timeeeeeeee (said slowly) cuz its party
time tonight
