At a party with my friends
Waiting for the night to end
Till I saw you standing there with a smile
So I touched up my makeup
because the sight of you made me wake up
And you sure look like you're my kind of style
Couldn't help but stop and stare,
so into you that I don't care
Lets get out of here and go anywhere
What you waiting for

Wanna take a ride
What you waiting for
Or a walk outside
What you waiting for
It's the perfect night
What you waiting for
Why don't you just kiss me
We are all alone
Talkin' on and on
The night is almost gone
Why don't you just kiss me

Back when I first saw you
Didn't know just what to do
But I knew that somehow I'd make you mine
Then I saw her standing there
Running her hands through your hair
And I could tell it might take some time
Now that you are finally free
And we are underneath the stars like a fantasy
Just forget about her, because it is all about me
What you waiting for?

Wanna take a ride
What you waiting for
Or a walk outside
What you waiting for
It's the perfect night
What you waiting for
Why don't you just kiss me

We are all alone
Talkin' on and on
The night is almost gone
Why don't you just kiss me

Why don't you just hold me tight
Move a little closer I won't bite
Kiss me once and kiss me twice
Kiss me boy, Oh kiss this girl

Wanna take a ride
What you waiting for
Or a walk outside
What you waiting for
It's the perfect night
What you waiting for
Why don't you just kiss me
We are all alone
Talkin' on and on
The night is almost gone
Why don't you just kiss me
