I remember the blasphemy
As they took us to slavery
Where is your God to save you now
Now fall on your knees and bow
I remember the towering flames
As they burned my fathers remains
I remember the stench of death
As I drew my last free breath
We're slaves forevermore
No one will hear our cries
Chained to the ships of war
To the beat of the drum we rise
Three years have come and gone
Since last I saw my home
Now my back is broken and bent
And my life is nearly spent
We approve of mankinds disgrace
Hold of the warrior race
Never shall we be free
Caught in a vast machine
We're slaves forevermore
No one will hear our cries
Chained to the ships of war
Our cannons with burning eyes
We're slaves forevermore
Our humanity suffers enough
Chained to the ships of war
To the beat of the drums we rise
And they cry! Row! (Row!)
Carry us to the attack
Row! (Row!)
Take us acrossed and back
Row! (Row!)
Carry us onto the kill
Row! (Row!)
Carry us to the blood we shall spill
To the beat of the drums
To the beat of the drums
To the beat of the drums
To the beat of the drums we rise
