When I see the sunrise in the morning  
When I feel the wind blow across my face  
When I hear the sound of children playin'  
I know it's all part of Gods amazing grace

Chorus:

And I believe there's a place called Heaven  
And I believe in a place called Calvary  
I believe in a man his name is Jesus  
And I believe that he gave his life for me  
I was there the day my Mama went to Heaven  
I held her hand as she closed her eyes to sleep  
I felt the power of ten thousand angels  
Take her soul away to be crowned at Jesus feet

Chorus:

And I believe there's a place called Heaven  
And I believe in a place called Calvary  
I believe in a man his name is Jesus  
And I believe that he gave his life for me  
And I believe that he gave his life for me
