You comb your hair you try to think of something
interesting to say
The good news is to you attention is something they
will pay
If you have nothing to lose then chances are you will be
ok
Either way you lose I said that you have lost either way
I'm worthless and weak like that kid from the Twisted
Sister vid
I put up an auction and I hope and pray for minimum
bid
Trying never helps

They are everywhere, venom so lethal that you never
stood a chance
They are everywhere...you should have stayed at home
Hide under the sheets, locking the doors, you're still
there

Will you sew these eyes shut for me, don't want to see
at all

It was easy all it took was just a maybe to take you
down
What took years to build, amass, and put together is all
gone now
Better men than you have fallen victim there's no way
to fight it
Going blind would help or wearing blinders I have
learned to like it
I can wear her clothes and pretend to be her and what
would that do?
Nothing much I guess it has no point yo man this shit
ain't cool
Wishing ever helps

You're no centaur, no minataur
He'd be powerless, sharpen that horn
What of pagasus? Saddled by lorne greene
The bonznza scene
You are so doomed

Your life is ruined
Will you sew these eyes shut for me?
Don't want to see at all
