Hard work, low pay, tired aching back  
Earning by the sweat on my brow  
12 full hours in this manmade hole  
Doin' what they taught me how

Chorus

I'm a spike drivin' railway son-of-a-gun  
Working on the southern line  
14 miles through this mountain side  
Working with sweet Carrie on my mind

The boss man's mean he's full of hate  
Livin' on the workers sweat  
The steaks he eats keeps him good and fat  
Soup beans is all we get

Chorus

From daylight to dark we work in the tunnel  
Scared of a bad cave-in  
Ain't got enough eat to or money to buy with  
No insurance for our kin

Chorus 2x
