Do you want to dance

I want this stupid week to end
I'd rather hang out with my friends
Crazy people along the street are yelling at me
So much there is to deal with
I should charge a fee
Tonight I wanna dance
And I want to be free
I want my girls to come with me

Chorus

Meet me tonight at the star club
Where we can get in for free
If they give you some flack at the front door
Just tell them you're with me

I know I'm such a lucky girl
I love my life and all the world
All the emotions that stop my energy
That's when I know that I got to go

So when you know you're beening lame
You wanna get in on the game
When you can hear the disco beat as clear as a bell

It's time to rock that funky body out of its shell
So drop my name with the doorman
His name is Montell
And he'll make sure you're treated well

X2

ChorusX7

Dance the night away
Before I get to old
And feel the music head to toe

Chorus

Love to the rythm

Love to the rhyme
Love to my girlies all the time
Love to the DJ
Love to the band
Love to the people at the hotdog stand
Love to the people that know they've been clubbing
Love to the people that need a little loving
Grace to the people of the world in need
Come and shake your booty if you wanna be free

Chorus to fade
