Its love, love
Its love
A typical love
Ive read the stories in the magazines
Ive seen romance on the TV screen
But, baby, this is better, this is real
This is how I feel
Me and you, you and me
We can see simple reality
The time that's together
Lets keep it forever
Come on, let me tell you all about
Its love, love
Its love
A typical love
Get in my car
Well drive, drive, drive, drive
Take the trip of a lifetime
Lets leave everything we knew behind
Now that Im yours and you're mine
Here we go, here we go, here we go
Were moving fast but well take it slow
The time that's together
Lets keep it forever
Come on, let me tell you all about
Its love, love
Its love
A typical love
This is just a typical love
Ooooooh
This is just a typical love
Oh, it's so much better
This is just a typical love
Oh, it's so much better
This is just a typical love
Its love
Lock the door
What will this moment bring?
Get ready for anything
This is just like it's supposed to be
And we fit perfectly

Hold me tight, hold me tight, hold me tight
All the poets in the world are right
The time that's together
Lets keep it forever
Come on, let me tell you all about
Its love, love
Its love
A typical love
Its love, love
Its love
A typical love
Love!
