COME TO ME\*\*\*

Come to, come to me

Come to, come to me

Come to, come to me

I wanna hold your body

Come to, come to me

Come to, come to me

I wanna hold your body

Dadeedada (X5)

Ever since I met you

My life just ain't the same

Every night when I close my eyes

I'm calling out your name

And baby when we're together

My heart beats out of time

And now it feels like

I'll never get to call you mine oh mine

Come to, come to me

Come to, come to me

I wanna hold your body

Come to, come to me

Come to, come to me

I wanna hold your body

Dadeedada (X5)

It's been a week since I've met you

I'm slowly going insane

The suffering is unbearable

I hope you feel the same

Now I know that I found you

Don't wanna let you go

So baby look at me

And tell me your love for me will grow

Dadeedada (X6)

Come to, come to me

Come to, come to me

I wanna hold your body

Come to, come to me

Come to, come to me

I wanna hold your body

Dadeedada (X5)
