Take me back into your arms  
Lets just say were both forgiven  
Let the words we said before  
Just be sounds and nothing more  
Send us back to our first heaven  
I remember how it used to be  
Painted wings and perfect harmony  
It was gentle when we spoke  
Now it's all gone down in smoke  
Send us back to our first heaven  
Oh and send us back to heaven  
Give us back our daily lives  
Send us back to heaven  
Put a little love, put a little love in our eyes  
Take me back into your arms  
Start again from the beginning  
Leave our sorrow far behind  
Lose the anger from our minds  
Send us back to our first heaven  
Said it all except goodbye  
We both know the reason why  
It was blissful, it was better  
Could we make it back together?  
Send us back to our first heaven  
Oh and send us back to heaven  
Give us back our daily lives  
Send us back to heaven  
Put a little love, put a little love in our eyes  
La la la la la la la la la la  
La la la la la la la la la la  
La la la la la la la la la la  
La la la la la la la la la la  
La  
Take me back into your arms  
Lets just say were both forgiven  
Let the words we said before  
Just be sounds and nothing more  
Send us back to our first heaven  
Oh and send us back to heaven  
Give us back our daily lives  
Send us back to heaven

Put a little love, put a little love in our eyes  
Send us back  
Oh oh oh  
Send us back  
Ooooh  
Send us back (to heaven)  
Send us back (to heaven)  
Send us back (to heaven)  
Send us back
