I like the stories you tell me
I like the way you think
I like the way you spend money
I like the beer you drink
But
I don't like
I don't like
I don't like
I don't like
I don't like kissing you
You
You
You
I like that you like my family
I like that you like my rules
I like that you like my glasses
I like that you like my tattoo
But
I don't like
I don't like
I don't like
I don't like
I don't like kissing you
You
You
You
Im really sorry if I hurt your feelings
And if you never wanna see me again
Before you go can you do me a favor?
Introduce me to your best friend!
I don't like
I don't like
I don't like
I don't like
I don't like kissing you
Kissing you
Kissing you
Kissing
You!
