It's four in the morning and we're still rollin  
On the road again  
You better get ready for some full-time Betty  
Cause we're looking for a few good men

If the van is rockin', don't come knockin'  
It's backseat 101  
Rock-n-roll is about the show  
So come and join the fun

Rolling down the highway  
With a shotgun in my hand  
Rolling down the highway  
It's Rock-n-Roll 69

You're never too old to rock-n-roll  
So get up off your ass  
Grab a beer, ger over here  
Let's make this party last  
There's a lesson to be learned, it's Rock-n-Roll 69  
Sex, drugs, rock-n-roll, and everything is fine

Rolling down the highway  
With a shotgun in my hand  
Rolling down the highway  
It's Rock-n-roll 69

Sex, drugs, rock, the devil  
Sex, drugs, rock, the devil  
Sex, drugs, rock, the devil  
Sex, drugs, rock, the devil

Rock-n-Roll 69
