Bow down for the band on the cover  
They seem to make it all across the USA  
Bow down, the band's been discovered  
They even made it on the R.S-tones these days

What a beautiful noise  
What an obvious choice  
But the records seems to do so well  
And everybody loves a band that sells

So why should it happen for me  
If it could happen for you?  
It's not like a major catastrophe  
It's something you choose

So many people believe  
That they could achieve anything  
Worth their while  
Anything worth a smile

Lying flat on the floor  
Get the lock off your door  
You want something to d  
Make a record or two

Bow down for the band on the cover  
They seem to make it all across the USA  
Bow down, the band's found a rudder  
And now they finally hit the charts

They're on their way, what a beautiful noise  
What an obvious choice  
Now the record seems to do so well  
And everybody loves a band that sells
